

VIETCHALLENGE

FINALIST 2020

Petkix

Petkix is the world's first advanced 360° dog camera. Petkix makes pet owners' life a lot easier with their pet tech hardware ecosystem.

Petkix allows customers to see their pets at any corner. Customers can stay connected, keep their 4-legged friends safe and happy through the barking alert and fun treat tossing. It's a great way to watch over, feed, play with and take care of pets even when the owners aren't around.
